

All Resistors rated for 1/16 Watt
All Capacitors rated for 16 V

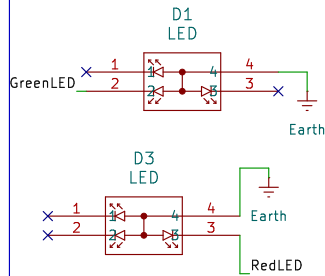

Switching Power Regulator

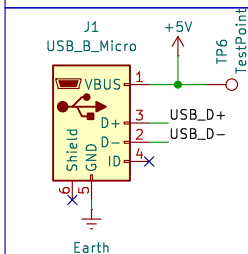

Connector Pinout
Connectors going in and out which will
be connected to controller and
Subsystem A3.

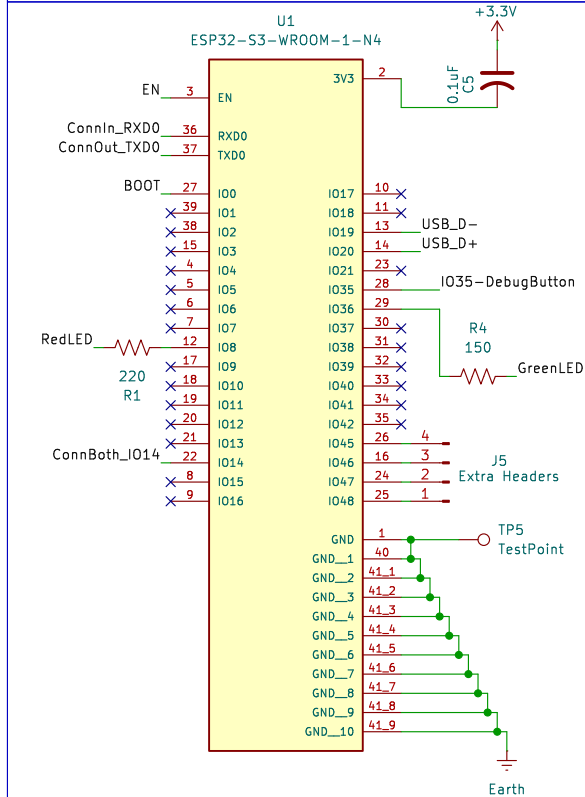

LED circuits

USB connector to ESP32

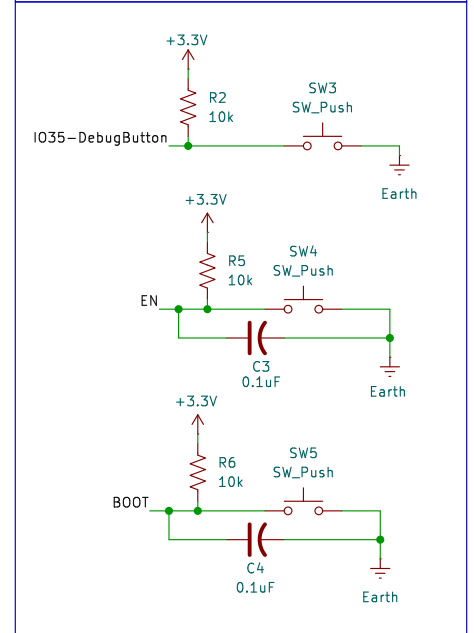

ESP Circuit and pinout
Includes all pin assignments to the ESP, as well as included some extra
headers.

Button Circuit. One button is for debugging purposes and
the other 2 are ... I also have buttons for
Enable(RESET) and Boot.

Also depending on which button I choose, I may need to
adjust resistor value to target different color channels.
